- This module is based on the SOPs, architecture, and historical events of Chh. Shivaji Maharaj's forts.
- The module establishes a correlation between 10 important forts and 10 important Work Culture aspects.

An example

- Chh. Shivaji Maharaj planned and prepared for the present by looking ahead and recognizing the need to change with time. This important aspect of work culture is worth learning and practicing, from Sindhudurg Fort, the masterpiece of architecture.
- The fort architecture clearly reflects the sustainable thoughts. Gomukhi (semi-circular) entrance, lead / metal reinforced fortification, use of special wood for the main gate, and many other structures are example of the visionary and eternal ideas.
- Sustainability management was at the core, while constructing this fort.
- Hence, this fort stands firmly for more than 350 years against sunlight, storms, and rains. Our vision and sustainable thoughts will together take us ahead in life.
